

Genesis Centers has been a viable provider of services to individuals and families in Camden, Gloucester, Burlington, and Cumberland Counties for over 28 years. During that time, Genesis Centers has earned an excellent reputation in South Jersey because we believe that healthier individuals and families contribute to a positive and safe community. The need for our services is far outpacing the resources needed to provide them. **“Walk the Talk”** is an opportunity for young people and families to set an example of care and concern for every person in our communities. We can't do it without you! With your help, we will be able to ensure that more people have a true opportunity for healthy living and learn to **“Walk the Talk”**.

About Chris
 Christopher Mackell Schultes

Dec 1, 1986 –
 July 29, 2005

Chris was a vibrant, intelligent, young man with a promising future. His easy smile and quirky sense of humor endeared him to many. Only days from starting college, Chris, like many young people, was struggling with who he was and the pressures of his peers. If only he had reached out, he would still be here today. Genesis Centers has been an incredible resource for his mother and family providing guidance as they struggle with their loss. "I am so grateful for the education, guidance, and personal validation that Genesis has given me. The value of their work is priceless, especially in dealing with the epidemic growing daily in our communities. They help countless people, like me and my family."

Yvonne Schultes Riley
 Christopher's Mom
